**Invacare® CLD** (Cyclical Lever Drive) provides users with the ability to self-propel themselves with one arm, enabling an active, mobile and independent lifestyle. With its front caster steering mechanism, simple rowing motion design and adjustability in height and stroke length, the Invacare CLD is an easy to use one-arm drive.

There are no service requirements for the CLD mechanism, although service requirements for the wheelchair apply. Kits available for provider installation. Right- or left-handed configuration. Provider installed kits for Invacare® 9000 XT, 9000 SL and Patriot™ wheelchairs. See 9000 XT price list (95-66) for availability. These are not compatible with U2222 rear wheel and the 9000 SL wheelchair also requires space saver arms.

Model #
